Sometimes, for big holidays, it is good to stay in so you can open a great bottle of wine and share it in intimate company. So herewith are some solid suggestions of great wines with which to celebrate Valentine's Day...

...If you want to take it step down, in terms of price point, think of sparkling alternatives from France, Italy and even the United States. Cavas from Spain can be nice, high-end **Denominazione di Origine Controllata e Garantita (DOCG) Proseccos from Conegliano Valdobbiadene** and Asolo are even better, and there are great sparkling wines being produced domestically in the U.S. as well...Keep in mind the that two DOCG regions of Conegliano-Valdobbiadene and the neighboring Asolo are where some of the best sparkling wines are made in Northern Italy.
